Experience

UX Designer, Project Canopy

May 2020 - Present

- Created initial UI design
- Led research efforts
- Worked with founders to create Project Canopy's brand

Team Lead, Lambda Labs

January 2020 - March 2020

- Led a team of 6 full-stack developers and 1 UX designer
- Facilitated daily standup meetings to build camaraderie, promote sharing of ideas and work progress, discuss blockers, and provide guidance for that week's goals

Projects

UX Designer, Project Canopy

March 2020 - May 2020

- Led design efforts on a team of 4 data scientists and 5 full-stack developers
- Designed a dashboard that allows users to view relevant data in a centralized location
- Created multiple templates for Species ID Cards, ensuring that local law enforcement agencies are working with the most up-to-date information on which species are threatened and whether their trade is internationally regulated

UX Designer, RV Way

September 2019 - November 2019

- Created an intuitive onboarding process that allows users to input their vehicle's information
- Designed a map interface that allowed users to get directions based on their vehicle's specifications
- Facilitated cross-functional workshops to involve data scientists and web developers in the design process
- Voted best overall product out of 24 products
